Atkore International Inc. Acquires Steel Components, Inc.

Harvey, Illinois, November 20, 2014/PRNewswire/ -- Atkore International Inc. (“Atkore”), today announced that it has acquired the assets of Steel Components, Inc. (SCI), a leading designer and manufacturer of steel and malleable iron electrical fittings for steel, flexible and liquidtight conduit, as well as armored cable (www.steelcomponentsinc.net). SCI will operate as a standalone business, named “Atkore Steel Components, Inc.” as part of this transaction.

“We’re pleased to add SCI to the Atkore family and enhance our electrical raceway solution offering,” commented John Williamson, President and CEO of Atkore International. “SCI has built strong relationships with their customers based on delivering quality products with reliable service. We look forward to bringing Atkore’s engineering and innovation capabilities to help support their continued success.”

All facilities of Steel Components, Inc. will continue operating at their current locations. Terms of the sale are undisclosed.

About Atkore International Inc.

Atkore International Inc. delivers a unique portfolio of integrated electrical raceway solutions that deploy, isolate and protect a structure’s electrical circuitry from curb to outlet. With 3,400 employees and 39 manufacturing and distribution facilities worldwide, we meet our customers’ needs by providing unmatched quality, delivery and value across a robust product line that includes steel, PVC and aluminum conduit, armored cable and flexible conduits, metal framing, wire baskets, cable trays and other complementary products including fittings and mechanical, fence and sprinkler pipe.
