Atkore International Named to Crain’s Chicago Business List of Largest Privately Held Companies

Harvey, Illinois – April 28, 2015 -- Atkore International Holdings Inc. (“Atkore International”) announced it has been named to *Crain’s Chicago Business* list of Chicago’s Largest Privately Held Companies. The annual list ranks companies based on 2014 revenues, and Atkore International received the number 25 position of the total 303 companies identified.

“We’re proud to be one of the largest privately-held companies in Chicago, especially one of the few located in the south suburbs,” said John Williamson, President and CEO. He added, “Our Chicago-area location ensures Atkore’s corporate headquarters has excellent access to finance and financial markets, talent resources, and the latest technology. These advantages will certainly help us sustain our legacy where our core business, Allied Tube & Conduit, was started more than 50 years ago.”

About Atkore International

Atkore International Inc. delivers a unique portfolio of integrated electrical raceway solutions that deploy, isolate and protect a structure’s electrical circuitry from curb to outlet. With 3,400 employees and 39 manufacturing and distribution facilities worldwide, we meet our customers’ needs by providing unmatched quality, delivery and value across a robust product line that includes steel, PVC and aluminum conduit, armored cable and flexible conduits, metal framing, wire baskets, cable trays and other complementary products including fittings and mechanical, fence and sprinkler pipe. With its headquarters in Harvey, Illinois, Atkore International is owned by the private equity firm Clayton Dubilier & Rice, LLC (“CD&R”). To learn more, please visit at www.atkore.com.
